Who: All Volunteers serving on District and Council Training Teams, Pack/Troop Trainers, University of Scouting Trainers and those interested in being a trainer are invited to attend this workshop to learn the most current/effective training techniques.

Our job as trainers is not to hold training courses. It is instead to train volunteers. Scouts with trained leaders stay in Scouting longer, have a better planned and better executed program and therefore learn and do more. This workshop will help all trainers develop the skills needed to make sure that the material they are teaching is learned and put to use.

“The Fundamentals of Training” is step one of the new syllabus for training trainers. The second step is “Trainer’s EDGE” and the third step is “Master Trainer.”
