# Venture Crew Challenge—Aquabase

July 10-16, 2016 @ Camp Roy C. Manchester

The Lincoln Heritage Council is happy to announce the dates for our first annual Venture Crew Challenge—Aquabase week of Summer Camp. This is not your ordinary week of Summer Camp. We've designed a full week of fun and challenging activities, geared specifically toward our Venturers. From action archery to paintball, from knee-boarding to sailing, from GaGa Ball to beach volleyball; there is something for everyone. So much is happening! Scheduled events include an evening Luau, terrible movies night, a mock Naval battle, a round of Hungry Hungry Hippos—people version, the cardboard boat regatta, and even a closing dance party. Crews will get a chance to venture outside their normal camping activities and mingle with other Crews from around our Council, as well as outside the Council. They can even sign up for over-nights away from camp in hidden coves, after sailing on the High Adventure sailboats.

## Registration is now open!

Crews can now register for classes found in the [Leader's Guide](#). Class registration is online, but contact Brandy Koenig, [brandy.koenig@scouting.org](mailto:brandy.koenig@scouting.org), or 502-361-2624 to start your reservation.

Every day is an adventure!
