

Fun Popcorn Unit Kick-Off Games

Supplies needed for games: Popped popcorn, toothpicks, straws, cups, two bowls

Popcorn Toothpick Swap: Place popcorn in a bowl. Place an empty bowl about 12" away. Each player has one minute to move the popcorn to the empty bowl, ONE piece at a time, using two toothpicks. The player with the most pieces wins.

Popcorn Straw Blow: Place a piece of popcorn at the end of a table for each player. Using a drinking straw, blow the popcorn to the other end of the table. The first popcorn to arrive wins.

Popcorn Cup Drop: Stand on a chair (safely with a spotter) and drop pieces of popcorn into a cup on the ground. Try to get as many pieces as possible into the target. Player with the most pieces in the cup wins.

Popcorn Toss Up: Each player has one minute to toss popcorn into the air and catch with their mouth, one piece at a time. The person who catches the most pieces wins.

Popcorn Distance Throw: Throw a piece of popcorn as far as you can. Farthest throw wins.

Popcorn Cup Catch: Give each player a cup. Toss each player 20 pieces of popcorn one piece at a time and see how many they can catch. Player who catches the most wins.

Popcorn Mouth Toss: Two players stand a certain distance apart from each other and take turns trying to throw popcorn into each other's mouths. Take one step back after each successful toss. The team that gets the furthest without dropping any popcorn on the ground wins.
