Check In Procedures

Your Troop will arrive at established check-in time and meet your Troop Guide in the parking lot. You will be asked to share your pre-covid screening(See last page of this guide) with the camp staff prior to anyone getting out of vehicles. If units are carpooling everyone in the vehicle must wear a mask the entire time they are in the vehicle.

DO NOT GO TO YOUR CAMPSITE WITHOUT AN ASSIGNED TROOP GUIDE. Your Troop Guide will take you to your Campsite first, once you/your vehicle has been screened. One-unit leader should report to the camp office. At this time, make any final settlement and turn in any roster changes, pick up pre-ordered merchandise (at Trading Post) and make any adjustments to your merit badge schedules. Assistant leader, Scouts, and troop guide will go to the campsite and unload equipment. An assistant leader will go to the health lodge for medical check. Bring medical forms if not turned in prior to arrival. See the Health Officer in reference to the storage of prescription drugs. Let the health officer know of any special needs of adults and Scouts. Opening Roundtable for all Scoutmasters and Senior Patrol Leaders will be held at 11:00AM in the Dining hall (this will help with social distancing.)

CAMP PROCEDURES AND POLICIES

COVID:

Your safety and the safety of all our members, volunteers, and employees is the Lincoln Heritage Council's top priority. Considering COVID-19, we are taking additional precautions at camp on top of our long-established health and safety measures.

First, our council is coordinating with state and local health departments as well as our Health Advisory committee to ensure we are aware of and follow their guidance to mitigate the risk of COVID-19 at camp.

Our mitigation plan includes:

- Health screening conducted by your unit prior to travel to our camp, including a temperature check.
- Health screening upon your arrival at camp conducted by our camp staff, which will also include a temperature check.
 - Note: should anyone in the unit not pass the arrival screening, the entire unit will not be allowed to enter camp. In this case a refund will be issued to the unit.
- NO visitors on camp.
- Hygiene reminders throughout camp experience.
- Hand sanitizer stations.
- Camp staff to clean and disinfect high-touch surfaces and shared program equipment.
- An emergency response plan that includes isolation and quarantine protocol should a person at camp develop symptoms of COVID-19 or other communicable disease.
- Mask will be required for all youth, adults participants and camp staff (no exception to this, CDC states that gators/buffs and mask with vents are not as effective to stopping the spread of COVID 19). If any person does not comply with this, they will be asked to leave and no refund will be issued.

These precautions are important, but they do not remove the potential for exposure to COVID-19 or any other illness while at camp. Some people with COVID-19 show no signs or symptoms of illness but can still spread the virus, and people may be contagious before their symptoms occur. These factors mean that an infected person may pass the required health screenings and be allowed into camp.

VEHICLES:

No vehicles will be permitted beyond the parking lot without prior approval from the Camp Administration. Your troop guide will escort you to your campsite. Camp gates will be locked on a regular basis for the safety of our campers. Unit trailers may be left in the campsite.

UNIFORM:

Youth and adults are required to wear the Official Scout uniform while at camp. This uniform is to be worn to supper each evening and to camp-wide activities such as campfires. The Scout Activity Uniform can be worn the rest of the day. The activity uniform consists of a troop or other Scouting shirt, Scout pants, and Scout socks.

SMOKING:

Smoking is not permitted in any building and is restricted to designated areas. An important way adult leaders can model healthy living is by following the policies on alcohol, tobacco, and drugs. Leaders should support that they, as well as youths, are better off without tobacco in any form and may not allow the use of tobacco products at any BSA activity involving youth participants. This includes the use of electronic cigarettes, personal vaporizers, or electronic nicotine delivery systems that simulate tobacco smoking.

BUILDING DAMAGE:

Everyone at camp is expected to be courteous with all camp structures. Accordingly, writing on walls, carving on wood, kicking of walls, etc., will not be tolerated. A fee chart for damages will be made available at the check in. Scouts or adults responsible will be charged for the damages.

MEDICAL:

Medical forms are due when you arrive to camp on December 27. All precautions for the safety of Scouts will be taken. We will have a qualified health officer on duty 24 hours a day. The camp is equipped with an infirmary and adequate facilities for first aid. In addition, we have an arrangement with a nearby hospital for severe emergencies. Leaders must coordinate with the Health Officer if they would like to store prescription drugs in the health lodge. Let the health officer know of any special health needs of adults or Scouts. Prescription medications may be stored in the health lodge. If you keep prescription medication in your campsite, it must be locked away. This means that you will need a lockable container and keep your own log. Please bring your unit first aid kit. Be prepared to perform basic first aid in your campsite and be prepared to contact the health officer if necessary. If there is a need to visit the Health Officer, according to Youth Protection, Scouts should bring a buddy.

FUELS:

The use of liquid fuels for starting any type of fire is prohibited.

ALCOHOL AND DRUGS:

The use of alcoholic beverages, illegal drugs, as well as the misuse of over the counter or prescription drugs are prohibited and will not be tolerated on Boy Scout property. Violators will be asked to leave. This policy will be strictly enforced.

FIREWORKS:

Personal fireworks are not permitted on camp property.

PETS: No pets are allowed at camp.
