

## *Pre Screening 14 Days prior to arrival*

**Self Monitoring Instructions:** Adults and Scouts should monitor their temperature and symptoms once daily for 14 days before they arrive to camp property. Complete this form by checking the appropriate boxes for each day and time. If a Scout or adult reports subjective fever, measured temperature of 100 or higher, or any of the following symptoms, the scout or adult should be separated from others and should consider getting a Covid Test. If in the past two weeks you have traveled internationally you will not be allowed on property. If you have been in close contact with someone who has tested positive or who is under a quarantine due to exposure to COVID 19 you will not be allowed on camp property. If the Scout or adult showing symptoms within the 14 days will also not be allowed

**Scouts Name:** \_\_\_\_\_ **Week attending:** \_\_\_\_\_ **Camp attending:** \_\_\_\_\_  
**Parent/Adult Name:** \_\_\_\_\_ **Parent/Adult Phone:** \_\_\_\_\_ **Parent/Adult email:** \_\_\_\_\_

Detailed information about opening our summer camps and our mitigation plan can be found at [www.lhbsa.org](http://www.lhbsa.org). The precautions that the Lincoln Heritage Council have put into place are important, but they do not remove the potential for exposure to COVID-19 or any other illness while at camp. Some people with COVID-19 show no signs or symptoms of illness but can still spread the virus, and people may be contagious before their symptoms occur. These factors mean that an infected person may pass the required health screenings and be allowed into camp. We also know the very nature of camp makes social distancing difficult in many situations and impossible in others. Information from the Centers for Disease Control and Prevention (CDC) states that older adults and people of any age who have serious underlying medical conditions are at higher risk for severe illness from COVID-19. If you are in this group, please ensure you have approval from your health care provider prior to attending camp.
