

Step one: Ask your unit leader or Unit Camp Card chair for your unit’s unique team link. The link will take you to a screen that looks like this page. Select the button that says “Join This Team”.

Once you select the button that says, “Join This Team”, you will be directed to the page below. You will want to add each Scout’s first name, last name, phone, and e-mail. While phone isn’t required, a text is sent when a card is purchased.

Step two: Select the “Become a Fundraiser” button. You will notice after selecting “Become a Fundraiser” that you will be directed to set up your Scout’s personal page. You can add a photo of your Scout, set a goal, and tell your Scout’s story. A sample story is below.

“Hello Family and Friends! I am a member of Troop 1 and I am selling Camp Cards this year. Camp cards are discount cards that will help me earn my way to Philmont. The cost for my trip is \$2,000 so I will need to sell 400 cards. Cards sell for \$10.00, and I earn 50% of each card sale! If you do not live in a local area, you can still support me by selecting Hometown Heroes. Cards purchased through Hometown Heroes will be delivered to local hospitals, fire station, and police stations.

I am looking forward to hiking the trails and making it to the top of the Tooth of Time, which is 9,003ft high.

Thank you for your support, John Scout”

 Your page is not yet live. Please configure and save your page, then Submit for Review.

Add the Scout’s photo here. We suggest a Scouting scene or just a head shot of the Scout in a Scout shirt.

Tell your Scout’s story, not just that you are selling cards, but the **WHY** you are selling. Some suggestions are going to Philmont or talking about what your Scout is looking the most forward to.

Set a goal. This is a dollar amount, not the number of cards. For example, the Scout needs to earn \$2,000 so they would need to sell 400 cards at \$10.00 each.

Step three: Select “Save” and then you will be directed to the page below.

At the top, it will say:

Once your Scout's page has been activated, you are now ready to share your Scout's page with friends, family, and coworkers!

There are three options to share your Scout's page:

1. Text, email, or post to social media your Scout's unique code
 - a. Example text: John is selling Camp Cards (discount cards) this year to earn his own way to Philmont! All you must do is text: (Insert unique code) to 71777! You will be directed to his page to order!
2. You can also create your Scout's own QR code that can be added to flyers around your neighborhood.
3. Send the link out via social media!

Check out the next page to see how to do options two and three!

How to set up a QR code

This will depend on the browsers you are using. For this example, we used Microsoft edge.

All you do is select the box that looks like it has 4 squares. A QR code pops up. You then download it and share!

For this example, we used Google Chrome. Select the arrow that is beside the star in the website address box. Once selected, a dropdown box will appear and provide an option for a QR code. For this example, the council website was used but this will work on your Scout's online page as well!

From here, just download the code and you are ready to share your Scout's QR code!

To push out your Scout's online sales page on social media, you have two options. Select the icons at the top of your Scout's page or simply copy this link and paste it to your Facebook account. If you would like to share via Instagram, you can post a picture, share your Scout's story and provide the link for how to support your Scout by purchasing a camp card.
